

## Tubular Light Fitting with LED

### Series 6039

www.stahl.de

15557E00

- > Extremely robust luminaire design for rough ambient conditions
- > Can be used as maintenance-free machine light
- > Extremely long service life due to LED used
- > High power LEDs including driver in innovative design
- > Even more security due to flicker-free LED light

E2

The tubular light fitting LED of the Series 6039 is an extremely robust luminaire with high IP degree of protection. The maintenance-free and long-life luminaire is particularly suitable for the use as machine light. Thanks to the compact design and the special fastening accessories, the tubular light fitting LED Series 6039 can be mounted very well at areas with reduced mounting space that are difficult to access. The flicker-free LED light ensures a high degree of safety in case of rotating system components.
